

## Burrough Green Mental Maths Targets for Year 1

To be practised regularly, reinforcing the relationship between numbers and operations.

	Name	Tick and date
Addition/Subtraction	<p><b>I can show that I know all addition facts for each number up to and including 5 and work out the matching subtraction facts.</b>                      Eg. pairs that equal 5 .....</p> <p><math>0 + 5 = 5</math>  <math>1 + 4 = 5</math>   <math>4 + 1 = 5</math>  <math>5 - 4 = 1</math>   <math>5 - 1 = 4</math></p>	
	<p><b>I can show that I work out and remember all pairs of numbers that total 10</b></p> <p><math>1 + 9 = 10</math>      <math>4 + 6 = 10</math>  <math>2 + 8 = 10</math>      <math>5 + 5 = 10</math> etc  <math>3 + 7 = 10</math>  <math>\quad + 7 = 10</math>      <math>+ \Delta = 20</math></p> <p>And matching subtraction facts:  <math>10 - 6 = 4</math>    <math>10 - 4 = 6</math></p>	
	<p><b>I can show that I know pairs of multiples of 10 that total 100</b></p> <p><math>40 + 60 = 100</math>   <math>100 - 60 = 40</math>  <math>\quad + \Delta = 100</math>  <math>\quad + 60 = 100</math></p>	
Doubles	<p><b>I can show that I know addition doubles from 1 + 1 to 10 + 10 and the matching halves.</b>                      eg. <math>7 + 7 = 14</math>                      I know that if 3 doubled is 6 then 6 halved is 3.</p>	
Multiplication/Division	<p><b>I can count on and back in ones, twos and tens.</b>  <b>I can use this knowledge to work out the multiples of 2, 5 and 10 up to the tenth multiple.</b></p>
